

Jennifer Jdaidani

Northwell Health, Staten Island, New York, United States

Jennifer Jdaidani is a healthcare professional at Northwell Health in Staten Island, New York, where she contributes to the delivery and support of clinical and organizational services within one of the largest healthcare systems in the United States. Her work is focused on supporting high-quality patient care and contributing to the effective functioning of multidisciplinary healthcare teams.

She is engaged in a dynamic clinical environment, collaborating across services to support operational excellence, patient experience, and coordinated care delivery. Her role reflects a commitment to maintaining high standards of healthcare practice within a complex hospital system.

Based within Northwell Health, Jennifer Jdaidani contributes to the organization's mission of improving health outcomes and expanding access to high-quality care for the communities it serves across Staten Island and the broader New York region.

Her professional focus is centered on supporting effective healthcare delivery within a large integrated health system, with an emphasis on teamwork, service quality, and patient-centered care.
