

Svetlana Galitzine, MD (“Vrach”), DEAA, FRCA, EDRA

Consultant Anaesthetist, Nuffield Department of Anaesthetics, Oxford University Hospitals NHS Foundation Trust

Executive Committee Member, British Society of Orthopaedic Anaesthetists (BSOA)

Dr. Svetlana Galitzine is a Consultant Anaesthetist within the Nuffield Department of Anaesthetics at Oxford University Hospitals NHS Foundation Trust, where she contributes to the delivery of high-quality perioperative care across a range of surgical specialties. Her clinical work is grounded in evidence-based practice, patient safety, and multidisciplinary collaboration within a leading academic NHS institution.

She is an Executive Committee Member of the British Society of Orthopaedic Anaesthetists (BSOA), where she contributes to national leadership in orthopaedic anaesthesia, supporting clinical improvement, education, and the advancement of standards within the specialty. Through this role, she is actively involved in shaping best practice and fostering professional collaboration across the field.

Dr. Galitzine holds the FRCA, DEAA, and EDRA qualifications, reflecting advanced training and expertise in anaesthesia and regional anaesthesia across European and UK standards. Her clinical and academic interests are focused on advancing perioperative care and promoting excellence in orthopaedic anaesthesia practice.
